New Leipzig Oktoberfest

## In case you missed it...

### Benefits of SmartHub

Mor-Gran-Sou Electric Cooperative is dedicated to continuously enhancing the experience for our members. As part of this commitment, we partnered with National Information Solutions Cooperative, commonly known as NISC, years ago to introduce SmartHub. SmartHub is an invaluable tool that has become essential for our membership. Read more on C3 in our local pages.

### Everyday electrical safety

Electricity plays many roles in our lives, from powering generators, cellphones and lighting to running HVAC systems and appliances. When we flip a switch, we expect most systems or devices to do the job. But that sense of reliability can lead to complacency, especially during the shift in seasons and the rush that comes with a new season. Read more about what you can do to ensure your home runs safely and properly on C7 in our local pages.

**Read these articles and more in this month's issue of *North Dakota Living*.**

# SMARTHUB

## WHAT IS SMARTHUB?

SmartHub is an all-in-one platform that connects you with the electric usage data you've come to love, with the extras you never knew you needed. With SmartHub, members can view and pay their bill anytime, anywhere, report an outage/issue and receive various notifications of your choosing.

## WITH SMARTHUB, MEMBERS CAN:

View and  
pay your bill

Receive important  
updates

Manage your  
account

Monitor  
usage

Report service  
issues

## HOW TO SIGN UP

**Call our member service team and provide them with your email address. Our team will then prompt a email that will arrive in your inbox.**

**Visit our website and click on the SmartHub link. Once directed to the SmartHub login page, click *Don't have an account? Register now.***

**Sign up through the SmartHub App. Download the SmartHub App to your phone or tablet, then follow the prompts to login.**
