

MANAGER'S MESSAGE: MAKE YOUR VOICE HEARD AT THE 2024 ANNUAL MEETING

At Mor-Gran-Sou Electric Cooperative we are excited to extend an invitation to our upcoming Annual Meeting, a cornerstone event that highlights the essence of our cooperative model and the impact of member engagement on our community. Each year, we look forward to Mor-Gran-Sou Electric's Annual Meeting. You, the members we serve, always bring value to the discussion, and I know our cooperative team is energized by these interactions.

We are not just an ordinary utility company. We are a cooperative deeply rooted in serving our members and the communities we call home. Our core purpose is to provide safe, reliable and affordable electric service, but our mission goes beyond electricity.

We are driven by a commitment to our members. If you've never attended the Annual Meeting, I'd encourage you to participate. Why? Because input from members like you matters and helps drive the direction of the cooperative. At the Annual Meeting, we report on current initiatives and discuss the financial health and priorities for the coming years. And, equally important, this is an opportunity for Mor-Gran-Sou Electric to hear from you.

You have the power

This is also a time to vote for new directors who will represent you and our community's interests on the cooperative's board. As a member of Mor-Gran-Sou Electric, you have the power to help shape our community's energy future.

Electric cooperatives are democratically controlled by the members we serve, which means you have a say in who governs our cooperative. By voting in the annual director election, you can select the leaders who will make important decisions about the future of the cooperative and our local energy needs.

Mor-Gran-Sou Electric's Board of Directors includes community-minded individuals with different skillsets. We rely on them to help us make more informed decisions on long-term priorities and investments. Mor-Gran-Sou Electric has nine directors who live in the cooperative's service area. We consider them the eyes and ears of the community, because

they provide their unique perspective on various local issues.
