## Buckley awarded Agriculturalist of the Year

BY ANNE HANSEN, MOR-GRAN-SOU AND EMMA MITCHELL, NDSU

**Jackie Buckley**

**M**or-Gran-Sou Electric Cooperative member Jackie Buckley was recently honored as the 96th Agriculturalist of the Year and was added to the Hall of Fame by the North Dakota State University (NDSU) Saddle and Sirloin Club.

Buckley has been involved in almost every component of agriculture, making an impact wherever she went.

“Jackie has been a huge influence in the lives of agriculturists of all ages, including myself,” said Brooke Kunz, a Saddle and Sirloin Club member. “It is truly an honor to know Jackie and to be a part of her journey as Agriculturalist of the Year. I nominated Jackie, because she has influenced my passion for agriculture from a young age through 4-H and she continues furthering her influence on the lives of so many today.”

Buckley grew up on a registered Hereford farm/ranch operation in western North Dakota near Belfield, where she was the oldest of five girls.

“Since I was the oldest, I helped my dad a lot with the operation,” Buckley said. She was her dad’s hired hand, raking hay, combining, and checking cows and calves. Buckley was also active in 4-H, showing steers and heifers at local and state fairs.

Buckley attended NDSU, majoring in animal science and minoring in food nutrition and ag communications. She graduated in the spring of 1979 and got a job as an NDSU Extension agent. She worked in Traill, Bowman and Morton counties for a total of 37 years. A majority of the time was spent in Morton County.

At the time she began, she was one of the only females in the industry.

“She paved a way for females in the Extension and agriculture industry, and that is a huge reason why she is so deserving of this honor,” Kunz said.

Buckley’s leadership goes beyond Extension. She has been involved and held leadership roles in numerous organizations in North Dakota. She was a member of the Morton County Weed Board, Bismarck/Mandan Ag

Chamber Committee, Morton County Crop Improvement Association, *North Dakota Living Ag Classroom* Committee and a coach to the Morton County 4-H and Mandan FFA livestock judging teams. These positions are only a fraction of the list.

Buckley has led the efforts with the KFYR Living Ag Classroom for 25 years. Each year, this event brings 1,200 fourth-graders to the Bismarck Event Center to learn about where their food comes from.

Buckley has retired from Extension work. She is serving as a Morton County commissioner and teaching Animal Science 114 Lab at Bismarck State College to stay connected with agriculture and people. ■

## CO-OP NIGHT WITH THE BISMARCK BUCKS!

Join Mor-Gran-Sou Electric for Co-op Night, as the Bismarck Bucks take on the San Diego Strike. As a sponsor, Mor-Gran-Sou members are invited to redeem a FREE general admission ticket by visiting our website. The game takes place at 3:05 p.m. on May 1. Check our website and Facebook/Instagram pages for more information.

# The power behind your power

National studies consistently rank power line installers and repairers among the most dangerous jobs in the country, and for good reason. Laboring high in the air, wearing heavy equipment and working directly with high voltage creates the perfect storm of a dangerous and unforgiving profession. But electric lineworkers are up to the task. These brave people are committed to safety, and the challenges of the job.

Mor-Gran-Sou Electric Cooperative’s lineworkers are

responsible for keeping power flowing day and night, regardless of national holidays, vacations, birthdays or other important family milestones. Beyond the years of specialized training and apprenticeships, it takes internal fortitude and a mission-oriented outlook to be a good lineworker. In fact, this service-oriented mentality is a hallmark characteristic of lineworkers. The job requires lineworkers to set aside their personal priorities to better serve their local community.

## Get to know our dedicated lineworkers:

**Cody Maher**  
Fort Yates area foreman  
19 years

The best part of my job is being outside and working with my hands.  
When I am not working, I'm following my kids around to different activities.

**Jason Jahner**  
Mandan area foreman  
15 years

The best part of my job is working with our members to provide a good service to them.  
When I am not working, I am usually attending my children's sporting activities.

**Lance Brown Otter**  
journeyman lineworker  
14 years

The best part of my job is working outside.  
When I am not working, I can be found spending time with friends and family, and shooting some pool.

**Wayde Eckroth**  
journeyman lineworker  
10 years

The best part of my job is being able to work outside every day and the camaraderie among the line crew. When I am not working, I can be found hunting or fishing.

**Cody Graetz**  
journeyman lineworker  
10 years

The best part of my job is being outside and the variety. When I am not working, I am spending time with family and friends.

**Brett Fleck**  
journeyman lineworker  
4 years

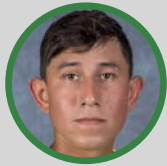

The best part of my job is being able to do different things each day and working in the community I grew up in. When I am not working, I can be found spending time with family and friends.

**Kale Ohlhauser**  
journeyman lineworker  
4 years

The best part of my job is being able to work outside on the nicest days of the year. When I am not working, I can be found hunting, fishing or golfing.

**Charles (C.J.) Pesicka**  
journeyman lineworker  
2.5 years

The best part of my job is being able to work outside with a great crew and providing a service that the community appreciates. When I am not working, I can be found with my family and friends enjoying life.

**Chance Magilke**  
apprentice lineworker  
1 year

The best part of my job is working outside. When I am not working, I can be found hunting or fishing.

## Safety Starts with ME: **Wayde Eckroth**

**W**ayde Eckroth grew up on his family ranch near Flasher. He enjoys hunting, fishing and the great outdoors. He is also a lineworker for Mor-Gran-Sou Electric Cooperative.

One of the things Eckroth loves best about North Dakota, and Mor-Gran-Sou Electric Cooperative's service territory, is the natural beauty that surrounds us.

"We are fortunate to have so many trees that offer shade and a habitat for all sorts of birds and other wildlife," Eckroth said.

"As a member of the local community, and a lineman at Mor-Gran-Sou, we strive to balance maintaining beautiful surroundings and ensuring a reliable power supply by keeping power lines clear in rights of way," Eckroth said.

Overgrown vegetation and trees pose

a risk to power lines. For example, if trees are touching power lines in our members' yards, they can pose grave danger to families. If children can access those trees, they can potentially climb into a danger zone. Electricity can arc, or jump, from a power line to a nearby conductor like a tree.

"First and foremost, we care about our members and put their safety and that of my co-workers and line workers above all else," Eckroth said.

A proactive approach also diminishes the chances of fallen branches or trees during severe weather that makes it more complicated and dangerous for lineworkers to restore power.

Of course, one of the biggest benefits of a smart vegetation management program is reliability. Strategic tree trimming reduces the frequency of downed lines causing power outages.

Members can help by:

- Planting new trees and vegetation away from the power lines and pad-mount transformers, avoiding future issues.
- Call the co-op if you notice that you have vegetation growing near the power lines. ■

MANAGER'S MESSAGE:

# Thank a lineworker April 11

**Travis Kupper**

If you were asked to associate an image or a person with Mor-Gran-Sou Electric Cooperative, I bet you would picture a lineworker. One of the most visible employees of the co-op, lineworkers work tirelessly to ensure our members receive uninterrupted power 24/7.

“Lineworker” is listed as one of the top 10 most dangerous jobs in the United States. This is understandable, as they perform detailed tasks near high-voltage power lines. Regardless of the time of day, having to brave stormy weather and other challenging conditions, lineworkers must climb high in the air, often carrying heavy equipment to get the job done.

Being a lineworker is not a glamorous or easy profession. It takes years of specialized training, ongoing education, dedication, and equally important, a sense of service and commitment. How else can you explain the willingness to leave the comfort of their home to tackle a challenging job in difficult conditions, when most are sheltering comfortably at home?

This dedication and sense of service to the community is truly what sets them apart. That’s why we set aside the second Monday in April to celebrate and recognize those

who work around the clock to keep the lights on.

While lineworkers may be the most visible employees at Mor-Gran-Sou Electric Cooperative, it’s important to note there is a team of highly skilled professionals working behind the scenes. Engineers provide ongoing expertise and guidance on the operations side of the co-op. Member service representatives are always standing by to take your calls and answer your questions. Our information technology experts are continuously monitoring our system to help safeguard sensitive data. And these are just a few of the folks who work together to ensure we can deliver the service and reliability you expect and deserve. Without them, our lineworkers wouldn’t be able to “bring the light” to our community.

Our dedicated and beloved lineworkers are proud to represent Mor-Gran-Sou Electric Cooperative, and they deserve all the appreciation and accolades that come their way on Lineworker Appreciation Day.

On April 11, and any time you see a lineworker, I hope you’ll join me in thanking them for their exceptional service. I also hope you’ll remember that you have a dedicated team of professionals working behind the scenes at the co-op, whose commitment to service runs just as deep. ■

## RDFC announces 2022 grant opportunities

The Rural Development Finance Corporation (RDFC) has approved a 2022 grant allotment of \$2,000 on behalf of Mor-Gran-Sou Electric Cooperative to be used to support community-owned entities, nonprofits and community-based projects.

**Eligible projects:** Community-owned businesses (café, grocery store, motel, other); community facilities (ambulance services, fire districts, recreation, hospital/clinic, community center, other); or community-based projects (school/youth projects, other) that benefit rural areas and lead to community betterment. Please note the RDFC does not provide funds for medical fundraisers or general operating costs.

**Matching funds:** \$4 of other funds to every \$1 of RDFC funds. The member cooperative is responsible for verifying the matching funds. The matching funds DO NOT need to come from the utility cooperative.

**Maximum/minimum grant amounts:** The minimum

grant amount is \$500; the maximum is \$2,000. The limit is \$2,000 on behalf of Mor-Gran-Sou Electric Cooperative for 2022.

**Timeframe:** Now through Dec. 31

**Process:** Call Mor-Gran-Sou Electric Cooperative at 701-663-0297, 701-597-3301 or 800-750-8212, or email [info@morgransou.com](mailto:info@morgransou.com), to visit about a specific project and determine eligibility. If it meets the qualifications, the member should complete an application and submit for consideration.

From there, the application will be presented to the board of directors for approval. If approved, the grant application will be submitted to RDFC for final consideration. The RDFC board gives final approval on grant requests. Once approved, a check will be made out to the recipient entity listed on the application and mailed to the contact person listed on the application. ■

# Co-op member addresses needed

**M**or-Gran-Sou Electric Cooperative needs new addresses to mail members their capital credit allocation statements and/or capital credit check written last year.

The following list of Mor-Gran-Sou members and their current address on file (last known address) were mailed allocation statements and/or checks that were returned

from the post office, because it was “not a deliverable address,” “unable to forward” or “attempted not known.”

If you know of a current address, please call the Mor-Gran-Sou Electric Cooperative office at 701-597-3301, 800-750-8212 or 701-663-0297. Persons who wish to claim checks from the following list should be prepared to provide proper identification.
